

Masters Program in Geospatial Technologies - Schedule 2015-2017																					
2015					2016					2017											
Sep 1-15	Sep 15-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-31	Apr 1-30	May 1-31	Jun 1-30	Jul 1-31	Aug 1-31	Sep 1-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-15		
<b>UJI</b>																					
Sep 1-4													Master thesis Sep 6							Mar 6, end of the program	
Introduction																					
Enrolment																					
Sep 7 - start of regular courses					Feb 26 - end of courses and deadline for homework/reports																
Module 1		Programming																			
		Databases																			
		Software engineering																			
		Applied mathematics: logic and statistics																			
Module 2		Computer graphics																			
		Multimedia																			
		Image processing																			
		Networks/internet																			
Module 3		GIS																			
		Spatial analysis																			
		Geospatial infrastructures																			
<b>ISEGI</b>																					
Sep 1-4													Master thesis Sep 6							Mar 6, end of the program	
Introduction																					
Enrolment																					
Sep 7, start of regular courses (1)					Feb 26, end of courses and deadline for homework/reports																
Module 1		Geostatistics																			
		Data analysis																			
Module 2		Database management systems																			
		Geospatial datamining																			
Module 3		GIS																			
		Remote sensing																			
		GIS applications																			
		Group project seminar																			
(1) Not all courses are available every academic year																					
Moving to Münster, preparation of courses							Moving to Lisbon/Castellón, if applicable														
<b>ifgi</b>																					
Apr 4													Master thesis Sep 6							Mar 6, end of the program	
Introduction																					
Enrolment																					
Apr 11, start of courses					Aug 19, end of courses and deadline for homework/reports																
Module 4		Digital Cartography																			
		Reference Systems																			
Module 5		Selected topics GI																			
		Usage-centered design																			
		Applications GI																			
		GI Forum																			
Module 6		Research methods																			
		Project management/GeoMundus
