

Masters Program in Geospatial Technologies - Schedule 2013-2015																			
2013					2014										2015				
Sep 1-15	Sep 15-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-31	Apr 1-30	May 1-31	Jun 1-30	Jul 1-31	Aug 1-31	Sep 1-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-15
UJI																			
Sep 3-6													Master thesis Sep 15						
Introduction																			
Enrolment																			
Sep 9 - start of regular courses					March 9 - end of courses and deadline for homework/reports														
Module 1		Programming																	
		Databases																	
		Software engineering																	
		Applied mathematics: logic and statistics																	
Module 2		Computer graphics																	
		Multimedia																	
		Image processing																	
		Networks/internet																	
Module 3		GIS																	
		Spatial analysis																	
		Geospatial infrastructures																	
ISEGI																			
Sep 3-6													Master thesis Sep 15						
Introduction																			
Enrolment																			
Sep 9, start of regular courses (1)					Mar 7, end of courses and deadline for homework/reports														
Module 1		Mathematical statistics																	
		Descriptive statistics																	
Module 2		Data analysis																	
		Data mining																	
		Databases																	
Module 3		GIS I																	
		Remote sensing																	
		Geostatistics																	
		Geosoftware I																	
		Group Project Seminar																	
(1) Not all courses are available every academic year																			
Moving to Münster, preparation of courses							Moving to Lisbon/Castellón, if applicable												
ifgi																			
Apr 01													Master thesis Sep 6						
Introduction																			
Enrolment																			
Apr 7, start of regular courses					Jul 18 end of regular courses; until Aug 1 block courses; Aug 15 deadline for homework/reports														
Module 4		Introduction to GIScience																	
		Digital Cartography e-Learning																	
		Digital Cartography practical																	
		Reference Systems lecture																	
		Reference Systems practical																	
Module 5		Selected topics GI																	
		Seminar GI																	
		Applications GI																	
		GI Forum																	
Module 6		Research methods																	
		Project management/GeoMundus
