

Masters Program in Geospatial Technologies - Schedule 2016-2018																								
2016					2017					2018														
Sep 1-15	Sep 15-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-31	Apr 1-30	May 1-31	Jun 1-30	Jul 1-31	Aug 1-31	Sep 1-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-15					
<b>UJI</b>																								
Sep 1-2																			Master thesis Sep 5			Mar 4, end of the program		
Introduction																								
Enrolment																								
Sep 5 - start of regular courses																				Feb 27 - end of courses and deadline for homework/reports				
Module 1	Programming																							
	Databases																							
	Software engineering																							
	Applied mathematics: logic and statistics																							
Module 2	Computer graphics																							
	Multimedia																							
	Image processing																							
Module 3	Networks/internet																							
	GIS																							
	Spatial analysis																							
Geospatial infrastructures																								
<b>UNL</b>																								
Sep 1-2																			Master thesis Sep 5			Mar 4, end of the program		
Introduction																								
Enrolment																								
Sep 5, start of regular courses (1)																				Feb 27, end of courses and deadline for homework/reports				
Module 1	Geostatistics																							
	Data analysis																							
Module 2	Database management systems																							
Geospatial datamining																								
Module 3	GIS																							
	Remote sensing																							
	GIS applications																							
	Group project seminar																							
(1) Not all courses are available every academic year																								
Moving to Münster, preparation of courses							Moving to Lisbon/Castellón, if applicable																	
<b>ifgi</b>																								
Apr 11																				Master thesis Sep 5			Mar 4, end of the program	
Introduction																								
Enrolment																								
Apr 18, start of courses																				Aug 26, end of courses and deadline for homework/reports				
Module 4	Digital Cartography																							
	Reference Systems																							
Module 5	Selected topics GI																							
	Usage-centered design																							
	Applications GI																							
Module 6	GI Forum																							
	Research methods																							
Project management/GeoMundus
